

The Legend Of Dragthon

Presentation

Draghton is the last dragon that lives on earth, has awakened after centuries of stillness.

He has assembled a group of guards to retrieve the forgotten treasures of the peoples of the Earth.

They have come to his call warriors from remote locations: Apophis the great alchemist magician, Skuba Dratewka an apprentice knight who have rejected the king's army of his land and the ogre REXXAR.

Walking towns and fairs, invite us to meet with challenges, contests and games, discovering a magical and surprising universe where the public is infected by a myriad of emotions.
