Oxigenia

Oxigenia, a world full of light and color

Synopsis

Welcome to Oxigenia, a lot of light and color on each character gives away from the forest light and shapes, movement and unique sensations. Inspired by nature and the photosynthesis process that generates oxygen necessary for life.

Oxigenia offers a visual experience that invites viewers to imagine fantastic universes and stories.

Presentation

Very versatile street theater performance show, both for day and night presentations. Accompanied and led by a master of ceremonies.

Possibility of incorporating independent music and sound in traveling scenography. Ideal for presentations in parades, festivals, major parties and events.
